Dear Dave:

Attached is the executed Order.

As a matter of public record can you please forward to me the names of all the communities in Massachusetts that you have a similar order in place for their wastewater treatment facilities in the last three years.

Thank you for your assistance with my request. We look forward to working with you to improve our facility.

Phil Lemnios
Hull Town Manager

Dear Mr. Lemnios,

Attached please find a final version of the Administrative Order on Consent for your signature. For your convenience, I have also attached a copy of the self-assessment checklist.

Please return a signed copy to me as soon as possible. I will send you a signed copy for your records after it is signed by EPA.

Thank you for your cooperation on this.

Good afternoon Dave,

As previously mentioned, the Permanent Sewer Commission met last night at Hull Town Hall to discuss the Order on Consent. The entire Order was reviewed and the Commission has consented to it.

The Town of Hull is committed to adhering to the best management practices to ensure that the wastewater treatment process is as efficient and effective as possible.

Please complete whatever changes need to be made on your end and send it back for a signature.

Please note, as we were preparing for the response to the CMOM, we missed the deadline for the I&I submittal as part of the NPDES permit. We will prepare a 2-3 page document summarizing 2015 efforts and we will continue to focus on the future I&I issues.

Thank you for your help with these matters.

Regards.

Jim Dow, Chief Facility Manager
Hull Wastewater Treatment Plant

Hi Jim,

Thanks for your email. I understand. I was looking to reiterate that we will need to review any proposed language changes and could potentially do so prior to your meeting with the Sewer Commission. However, I will defer to you regarding how you proceed.

Thanks, Dave
